

PROFESSIONAL LEARNING

With Krissie Marty

Join us for a collaborative workshop designed for dance educators who want practical tools, fresh inspiration, and space to think together about teaching movement.

Drawing from her extensive expertise in creative movement and educator training, Krissie Marty will share approaches, strategies, and insights that can support and deepen your practice.

With support from Art Spark Texas, the workshop will also explore meaningful ways to include students with disabilities in movement experiences.

April 18th, 2026 from 4-6pm at Creative Action
